

# **POLICY SCREENING FORM**

---

## **Background**

**Under Section 75 of the Northern Ireland Act 1998, the College is required to have due regard to the need to promote equality of opportunity:**

- **between persons of different religious belief, political opinion, racial group, age, marital status or sexual orientation;**
- **between men and women generally;**
- **between persons with a disability and persons without; and,**
- **between persons with dependants and persons without.**

**Without prejudice to the obligations set out above, the College is also required to have regard to the desirability of promoting good relations between persons of different religious belief, political opinion or racial group.**

## **Screening**

The screening procedure should lead to one of two conclusions:

- The policy being screened does not have a significant impact on equality of opportunity and therefore does not require an EQIA
- The policy being screened has (or is likely to have) a significant impact on equality of opportunity and may require an EQIA.

### **Answering the Four Screening Questions**

The four questions ask for evidence in relation to the Section 75 dimensions. You should not think of the “don’t know” column in the form as the easy option to respond to any of the questions. In cases where you don’t know and you don’t have data, you will need to make a judgement based on experience as to whether the policy you are screening may have an impact on any of the nine dimensions. If your judgement is that the policy may have a differential adverse impact in relation to any of the Section 75 dimensions (i.e. it affects some groups differently and less favourably than other groups), you should seek to obtain evidence. You should note that evidence can be qualitative – i.e. drawn from the experience of individuals from their perspective - as well as quantitative. Officers must give consideration to steps that they could reasonably be expected to take to obtain evidence and thereby inform their decision-making. Such steps could include meeting with a representative group or selective consultation.

**Where there is little or no evidence, and common sense indicates that a differential impact may be expected, you should discuss this with the Equality Officer.**

Yes  No

**5. With reference to Questions 1 to 4 please summarise how you believe the policy may impact on the organisation's obligation to have due regard to the need to promote equality of opportunity.**

Along with the Tackling ASB Model Policy (v5) – May 2025 and Tackling ASB Procedures (v5) – May 2025, this policy was developed to ensure that systems, processes and internal procedures are in place to ensure adherence to all legislative and legal guidance and requirements, when carrying out the processing, investigation and responding to all reported incidents of Nuisance or ASB.

By doing so, it provides assurances that Newington's actions in respect of Nuisance and ASB reporting are carried out promptly; in a fair, equitable and consistent manner.

We do not believe the policy impacts on the organisation's obligation to have due regard to the need to promote equality of opportunity.

**6. What data do you believe will be required to ensure effective monitoring of the policy following implementation?**

Via the recording of all reported incidents within our systems, which are reported on to our Board and to the Department for Communities.

**7. In the context of Question 3 are there any relevant groups which you believe should be consulted at this time? Please specify**

There are no relevant groups which we believe should be consulted at this time.

**9. On the basis of answers to Questions 1 to 4 above (and in particular positive answers), do you recommend that the policy should be subjected to a full impact assessment?**
